

# 230th Meeting of the IAOA Executive Council (EC) Virtual Meeting of 26 November 2019

## Executive Summary

- Issues treated:
  1. EC election 2019

## Report

Laure Vieu has updated the EC concerning the status of EC elections: nominations have been made and seconded and so far there are no more candidates than positions so, if nothing changes until the deadline, it will not be necessary to vote. Michael Grüninger will inform the Election Committee about the current status and indicate that if everything remains as is, he will send the results to the membership. At the same time, Frank Loebe will setup the EC-Election 2019 wikipage and ask Zena Woods whether she would like to join the Advisory Board.
